Brill Hops finally
made good on
his threat to leave

the city’s doctors
for West Virginia’s
mountains. Granny

Woman came thrice
weekly, ground herbs
and washed his clothes

in icy streams.
She vetoes
right away his

wearing thickesh
underpants that held

pee against the skin. He’ s

walking naked through

nearby woods. And
when cold or snow-

(Of course, after
any school bus.)

One white-dapply day, as
he rested on a rock to catch
his breath, Mr Death

arrived before chipmunks. Then,
three Rangers from Pipestem.

Well, Brill warned before this
by Darkness.
